Epidemiologist

Core Skills

- Methodology** Development of research protocols. Determination of study design, methodology and definition of areas of investigation. Identification of sources of bias and limitations of studies. Elaboration of questionnaires and focus group discussions.
- Management** Team management. Project management : Call for tender/Research projects monitoring; Protocol writing; Coordination of epidemiological studies; Study grants management; Scientific reports writing; Writing and submission of journal articles.
- Datamining** Development of data-input forms. Preparation and validation of SAP. Data collection and statistical analysis with Stata, SPSS, Graphpad, R, Epi Info or EpiData : Survival Analysis, Fourier, Regression (Linear / Logistics / Polytomous), ROC, Multidimensional Analysis (PCA and derivatives), parametric and non-parametric tests
- Languages** French (Mother tongue), Creole (Mother tongue), English (Fluent, Level B2 - TOEIC sept. 2009 : 855/990); july 2015 : 840/990), Deutch (Level A2.2 - Certificate of RWTH-Aachen University; August 2014 : 70.5/100)).
- Jurist** Files summary and inventory. Preparation of interrogations. Doctrine and jurisprudence research. Assisting interrogations and correctional audiences. Motivation of decisions on public and civil action in criminal proceedings. Responses to Councils' *in limine litis* motions.

Professional experience

Epidemiologist - Study coordinator

- 20013-16  **PhD in Epidemiology / Public Health**, PhD School in Biology, Health, Biotechnology - French national league against cancer, Federal University of Toulouse, (Oct/Sept), [Research paper and Publication \[10, 11, 13\]](#).
Cross-sectional study on factors related to medical information about the consequences of cancer treatments on fertility and sexuality, and the possibilities for fertility preservation and sexual rehabilitation.
- 2013  **Researcher (training period)**, Maternip perinatal network, Toulouse, France (Feb/June).
Research paper on risk factors for delivery before 32 weeks of amenorrhea in women transferred for placenta *prævia*.
Development of a research protocol on risk factors for hypoxic-ischemic encephalopathy.
- 2008-09  **Research Coordinator**, Human fertility research group EA 3694, Toulouse, France (Jan/July), [Letter of recommendation, Research paper, Poster 2 and Conference at University Senghor \(2011\)](#).
Case-control study on environmental risk factors for cryptorchidism.
- 2006-07  **Researcher**, Human fertility research group EA 3694, Toulouse, France (Oct/Dec), [Letter of recommendation and Poster 1](#).
Varicocele, scrotal temperatures and pregnancy rates : a **pilot study**.
- 2004-05 **Researcher (training periods)**, Human fertility research group EA 3694, Toulouse, France (Jan/June), [Letter of recommendation, Research paper and Publication \[1\]](#).
Risk factors for intra-uterine device failure : a **multicenter prospective case-control study**.
- 2003  **Researcher (training periods)**, Gerontology Department of the University Hospital, Toulouse, France (Feb/June).
Research paper on Alzheimer's disease and related **hospital clinical research programs** in progress in the unit.

Research Methodologist

- 2016  **UNICANCER-AFSOS Group**, Paris, France.
Member of the « Methodology » COFIL (pilot committee).
Collaboration to the development and reflection of **methodological Guidelines** for Research and Evaluation in **Cancer supportive care** (Coordinator : Pr Franck Bonnetain, University Hospital of Besançon, France).
-  **Association Interdisciplinaire post Universitaire de Sexologie, AIUS**, Pérols, France.
Responsible for the **literature review** in the context of updating the national recommendations for erectile dysfunction management.

Institut Sexocorporel International, Geneva, Switzerland.

Providing **methodological guidance** for the **development of research protocols** in the context of the sexocorporal approach in premature ejaculation management.

since 2014

European Organization for Research and Treatment of Cancer (EORTC), Brussels, Belgium.

Member of the Quality of Life Group. Involved in the development of modules for assessing **quality of life in cancer patients** : Sexual Health Questionnaire — Vulva — Patients' Satisfaction — Adolescents and Young Adults.

2011

Regional Center for Women's Health and Development, Alexandria, Egypt (Jan/Feb).

Development of a **research protocol** and **recruitment of patients** for a **cross-sectional study** assessing the prevalence of gynecological morbidity.

since 2009

Association of the Medical Interns, Toulouse, France.

Holding guidance and **methodological assistance** meetings for medical interns preparing their thesis.

Supervision (**methodology** and **data management**) of medical interns for their thesis or research papers.

Reviewer for scientific Journals and Institutions

2016

The French National Agency for Food, Environmental and Occupational Health Safety, ANSES, Paris, France.

since 2009

Human Reproduction, Human Reprod, Oxford, United-Kingdom.

Teaching and training courses

2016

Small Private Online Course of Oncosexology, Continuing Learning (Mission Formation Continue et Apprentissage), Université Toulouse III Paul Sabatier, Toulouse.

Lecturer in the context of a teaching module on *What information does one give to patients ?*

Co-lecturer in the context of a teaching module on *Good times to discuss sex with patients.*

Training course in « Oncosexuality and the difficulties to talk about it », Peyregoux, France.

Lecturer, in the context of a training session for health professionals organized by Sanofi laboratories in the field of sexual **quality of life in cancer patients** : « *Oncosexuality : Concept, definition and overview and Training in oncosexology.* » (8 June)

since 2009

Association of the Medical Interns, Toulouse, France.

Holding training sessions to **documentary research (EndNote and PubMed)**, the use of **Microsoft Office** and introduction to epidemiology.

Health Jurist

2011

Health jurist (training period), **Public Health Division of the High Court**, Paris, France (Sept).

Assisting the judge M. Pascal Gand investigating public health cases.

Health jurist (training period), **Senghor University**, Alexandria, Egypt (Jan/Feb).

Statement of the Egyptian Law in the context of a **cross-sectional study** on violence against women, work done with M. Hosni DIAB, Judge at the Supreme Court of Cairo.

Education

2013-16

PhD Sciences, Area of expertise : Epidemiology, PhD School « *Biology, Health, Biotechnology* », University Toulouse III Paul Sabatier, Toulouse, France.

2014-16

Inter-University Diploma in "Education in Human Sexuality", University Paul Sabatier, Toulouse, France.

2013

Master of Clinical Epidemiology, University Paul Sabatier, Toulouse, France.

2011

Master of Health Law, University Toulouse 1 Capitole, Toulouse, France.

2010

« Environmental Epidemiology » Summer Internship, University Paris Sud 11, INSERM CESP, Bicêtre Hospital, Paris, France.

2007

Inter-University Diploma in "Male Infertility and Assisted Medical Procreation", University Paul Sabatier - University Montpellier 1, Toulouse, Montpellier, France.

2005

Master of Life and Health Sciences, Method of Analysis and Management in Public Health, University Paul Sabatier, Toulouse, France.

Posters

- Poster 5 *Testicular endocrine patterns in young boys operated for cryptorchidism : IX European Congress of Andrology*, 21-23 September 2016, Rotterdam, The Netherlands. *Selected for oral communication*
- Poster 4 *Testicular endocrine patterns in young boys operated for cryptorchidism : XXXII Congress of the European Society of Human Reproduction and Embryology (ESHRE)*, 3-6 July 2016, Helsinki, Finland.
- Poster 3 *Testicular endocrine profiles in young boys operated for cryptorchidism : XXXII Congress of the French Society of Andrology (SALF)*, 27-29 January 2016, Lyon, France. *Rewarded*
- Poster 2 *Environmental risk factors for cryptorchidism : XXV Congress of the French Society of Andrology (SALF)*, 9-11 October 2008, Hammamet, Tunisia.
- Poster 1 *Varicocelectomy and scrotal temperatures in infertile men with varicocele : IV European Congress of Andrology*, 7-10 December 2006, Toulouse, France.

Other activities within the scientific community

- 2016 **Quality of Life Group Meeting**, *European Organization for Research and Treatment of Cancer*, 21-23 September, Manchester, United-Kingdom.
Quality of Life Group Meeting, *European Organization for Research and Treatment of Cancer*, 20-22 April, Oslo, Norway.
- 2015 Workshop : **Oncosexuality**, *ONCOMIP Cancer Network, University Cancer Centre of Toulouse*, November 6-7, Toulouse, France.
- 2014 **Quality of Life Group Meeting**, *European Organization for Research and Treatment of Cancer*, 17-19 September, Venezia, Italy.
- 2013 Colloquy on Alzheimer's disease : **From clinical research to scientific and technological advancements** (Workshop) and **Alzheimer's disease, another perspective** (Conference-debate), *Natural History Museum*, January 25th, Toulouse, France.
- 2011 **Colloquy « Access to origins for children born from an exogenous AMP »**, *University Toulouse 1 Capitole*, September,9, Toulouse, France.
 Member of the Organisation Committee and Sponsor

Conference-debate « Anonymous childbirth and AMP : Two provisions under review in the light of anonymity of sperm donors », IFRASS, March, 16, Toulouse, France.

Lecturer

Conference-debate « Case-control study on environmental risk factors for cryptorchidism », University Senghor, January 19, Alexandria, Egypt.

Lecturer

2009 **IV National Days « Child desire and HIV », Hôtel-Dieu, April 16-17, Toulouse, France.**

Member of the Organisation Committee - Webmaster of the dedicated website - Responsible for announcements, abstracts submission, subscriptions and online support.

2008 **XXV Congress of the French Society of Andrology, October 9-11, Hammamet, Tunisia.**

Webmaster of the dedicated website.

2006 **IV European Congress of Andrology, Hôtel-Dieu, December 7-10, Toulouse.**

Member of the Organisation Committee - Webmaster of the dedicated website - Responsible for announcements, abstracts submission, subscriptions and online support.

Miscellaneous

Hobbies : playing piano, singing, reading, music, walking, board games, RPGs.

Member of the **French Association for Supportive Care** (AFSOS, Paris, France).

Member of the **European Organization for Research and Treatment of Cancer** (EORTC, Brussels, Belgium).

Member of the **International Epidemiology Association** (IEA, Alexandria, Egypt).

Treasurer of the **French Education and Research Group in Andrology, Urology and Sexology** (GEFRAUS, Toulouse, France).

Member of the **French Society of Andrology** (SALF, Toulouse, France).

Member and *voice giver* at the French national Union for blind and visually impaired (UNADEV, Toulouse, France).

Member of the Association of the Guyanese and Caribbean of Toulouse Region (AGART, Toulouse, France).
